

# Wood Products Plant Planned For Grayling

Michael C. Henriksen  
President

Albert L. Quaal  
Vice-President

A major wood utilization complex will be constructed on a 95 acre site near Grayling, by Lake Woods Forest Products, Inc., a venture between the S. D. Warren Division of Scott Paper Company, Muskegon, and a local group including Michael C. Henriksen, Au Train, Michigan and Albert L. Quaal, Gaylord. The new facility will be built on Four Mile Road and I-75 outside of Grayling.

In making the announcement, Mr. Henriksen, president of the new corporation, pointed out that the plant will be designed to make maximum utilization of wood, the nations only renewable natural resource. Species of wood native to the area will be utilized by the plant, which is expected to be in operation by mid-1975.

According to Mr. Henriksen, the new facility will be designed to produce 60,000 board feet of dimensional lumber per shift. One shift will be manned initially with a second shift planned for the future. Ultimately a total of forty production and clerical people will be employed, in addition to supporting personnel handling wood harvesting in the field.

Lake Woods Forest Products, Inc. plant will

manufacture a wide variety of lumber, including utility pole crossarms, railroad ties, seawall timber, and ultimately building studs. The products will be marketed throughout the United States.

By-products from the new lumber manufacturing complex in the form of wood chips will be used by Scott's Muskegon Mill for the production of pulp and paper.

Henricksen, a native of Marquette, Michigan, graduated from Lakeland High School, Minocqua, Wisconsin, and holds a B.S. Degree in Forestry from Michigan Technological University, Houghton, Michigan. He is familiar with regional forest resource availability, having been previously employed by Champion-International at Gaylord, as Woodlands Manager and prior to that as Regional Forester in the Northern Lower Michigan area. He is also Chairman of the Michigan Timbermen Association Board of Trustees and Michigan Manufacturers Association Forest Resource Committee, as well as past Chairman of Michigan Tree Farm Committee. In 1972, he and William Henriksen formed Lake States Wood Preserving Inc., located at Munising. Lake States treats utility

poles, railroad ties, as well as other dimension stock.

Quaal, a native of Ishpeming, is Vice President of the Corporation and holds a B.S. Degree in Business Administration from Northern Michigan University, Marquette. He previously was with Robbins Flooring Division, E.L. Bruce Company, Ishpeming, until 1966 when he joined U.S. Plywood Corporation, Gaylord, as Manager-Lumber Operations, a position he held until joining Lake Woods.

Quaal, a well-known figure in Northern lumber circles, who was instrumental in drawing up Michigan's Sawmill Safety Code, will handle marketing and sales for the operation.

Henricksen and Quaal acknowledge the fine cooperation they have received from the Michigan Department of Natural Resources, Crawford County and Grayling Township Officials as well as the Grayling Regional Chamber of Commerce. Lakewood is especially thankful for the untiring efforts of B.J. Fowler, Grayling Township Supervisor and Earl H. "Chum" Longworth, Chairman, Crawford County Board of Commissioners whose advice and help made their plan become a reality.

### \$44,600 Grant to Health Council

WASHINGTON—The Public Health Service has approved a \$44,600 grant to the North Central Michigan Comprehensive Health Planning Council, U.S. Senator Robert P. Griffin, R-Traverse City, and Congressmen Philip E. Ruppe, R-Houghton, Elford A. Cederberg, R-Midland, and Guy VanderJagt, R-Cadillac, revealed today.

The Petoskey-based agency will use the grant money to hire an emergency medical services planner. The planner will oversee studies aimed at evaluating present medical facilities. In addition, the studies will focus on future needs of the 18 county area.

Special emphasis in the studies will be given to the ability of emergency facilities to accommodate the large number of seasonal visitors the area receives each year.

The counties served by the North Central Comprehensive Health Planning Council include: Alcona, Alpena, Antrim, Benzie, Charlevoix, Cheboygan, Crawford, Emmet, Grand Traverse, Kalkaska, Leelanau, Manistee, Missaukee, Montmorency, Oscoda, Otsego, Presque Isle and Wexford.

### Artillery Group in Training

The 157th Field Artillery Group of Detroit moved into Camp Grayling over the holiday weekend along with a number of supporting units and a battalion of Marine reservists.

During the two weeks the members of the Michigan Army National Guard and the reserve units have undergone their annual training session.

The artillery men spent much of the two week period in the field, taking Army training tests and taking part in unit training activities.

The Marines planned to also spend a great deal of time outdoors where they underwent the typically rugged Marine training.

Other units at Camp Grayling for this session include members of the 144 Military Police Company of Owosso, members of the 746 Ordnance Company of Lapeer, a detachment from the 207th Surgical Hospital of Detroit and the 1072nd Maintenance Company of Coldwater. A group from Delaware

Ohio, the 175th Quarter Master's Company is also on hand to aid in the fueling of aircraft and vehicles.

Col. Robert E. Williams, 175 Group Commander, said the improvement recently completed at the camp would make training more pleasant for members of the units taking part in training.

He referred to the newly constructed PX facility and the new barracks and service buildings.

These ranges will be closed during the above dates and all persons are warned to stay out of these areas.

### Second Ace At Country Club

The second ace this summer was recorded at the Grayling Country Club last Thursday, when Webb Manchester, of Kettering, Ohio, scored a hole in one on the 185 yard No. 3 hole.

Manchester was playing with Paul Liensch and R. Miller, from Dayton, Ohio, and finished the round with a 37.

KIWANIS HELPS HISTORICAL SOCIETY—Charles McNally, past president of the Grayling Kiwanis Club, presents check for \$200 to officers of the society, from left, Sal Truettner, President; Marilyn Longworth, Secretary-Treasurer and Billie Forbes, Finance Chairman, to help defray expenses for the museum. The Kiwanians also paid for the new carpet and installation in the building, and will aid in any way possible to help this new project in the future, a spokesman said. See other Museum photos on page 10. (Avalanche Photo)

LOST CONTROL—Helen Kuehn, 53, of Mt. Morris, lost control of her car while pulling a house trailer last Thursday morning, July 11, and crashed into the directional sign on I-75 northbound, about a mile south of Grayling. Mrs. Kuehn was taken to Mercy Hospital, and transferred to Providence Hospital in Detroit in serious condition, according to Sheriff's Dept. deputies, who investigated the accident. Her husband, Howard, 55, suffered lacerations of the head, officials said. The Sheriff's Dept. was assisted by the Grayling City Police, Fire Dept., state police of the West Branch post, and Road Commission employees, with traffic control at the scene. It took about 2 hours to clear the highway. (Sheriff's Dept. Photo)

## Moon Walk Day

For centuries the moon hung tantalizingly just beyond man's grasp, challenging his imagination and ingenuity. Then, on July 20, 1969, two U.S. astronauts did the impossible—they landed the lunar module, "Eagle," upon the surface of the moon, and a new age dawned. Since that time, July 20 has come to be known as Moon Walk Day. The memorable moon exploration by Neil Armstrong and Edwin Aldrin, Jr. lasted 21 hours, 36 minutes and 16 seconds, while the moon walk, initiated by Armstrong, took 2 hours, 15 minutes. Pilot Michael Collins orbited the moon in the command module, "Columbia."

Beyond the historical significance of the moon venture lies an even greater potential for technological advances surpassing even the wildest imaginings of Jules Verne. In the midst of unlocking the mysteries of the universe, man has found it possible to apply the knowledge and skills of the U.S. space program to solving problems here on Earth. Our opportunities to further the condition of mankind are as limitless as the starry heavens that surround us.

## Anything Is Possible

To look at it, you wouldn't expect great things from the krill. The microscopic creature spends its days floating aimlessly about the ocean depths. Yet viewed in large numbers, this member of the plankton family is crucial to the marine food chain. We are much like the krill. We drift along life's byways, often passing up chances to help change the world around us because it seems one person's actions are unimportant. How wrong that supposition is!

Each of us is part of a whole which, in our case, is the United States of America. Individually, we may not be able to rock the world, but multiply our efforts by the millions, and we can make history. Now we are approaching the 200-year mark in the epic of our national existence and attempts to enhance and further the American way of life must continue or the world structure, which depends upon U.S. leadership to keep the interchange of goods and ideas flowing, may very well crumble. Do not think for one moment that you are unimportant. The fate of future generations virtually rests in your hands.

## Heartworm Season At Hand

YPSILANTI — The season when dogs contract heartworm started in mid-May and will continue until January, says Elizabeth Waffle, a faculty member in the biology department at Eastern Michigan University.

It affects the lungs and heart. Symptoms of infection are coughing during exercise, shortness of breath and loss of vigor and weight. Untreated, the disease is fatal. If detected early, survival rate is good. The diseased dog is treated with arsenic by a veterinarian. But it is difficult to detect before permanent damage has been done. For this reason preventive treatment is imperative. Caricide, a prescription drug, should be given to dogs yearly between mid-May and January.

Of those dogs treated with Caricide only a small percentage still contract the disease. This is attributed to either not enough time on the medication or a lower dosage than is needed. Dosage is prescribed according to the size of the dog.

Miss Waffle has been working on heartworm for the past three years. This year she has been concentrating on the mosquito aspect of it. Of the 57 recorded species of mosquitoes in Michigan, 19 carry heartworm.

She is also doing educational work, speaking to various community groups on the nature of the disease, and the necessity of preventive treatment.

Merlyn Minick, also an EMU biology faculty member, is concentrating on the dog aspect of the problem. Three biology students are also assisting with research of various aspects of heartworm.

One species of mosquito leaves its larvae in water of high salt content. EMU is interested in mosquitoes which breed in water of this kind. If anyone can locate a well or pond where this type of breeding takes place, call or write Elizabeth Waffle at EMU, Biology Department.

## THE BIBLE SPEAKS

From Calvary Baptist Church

### On Kidnaping

All America has been shaken by the increase in kidnapings over the past few years. Not since the 20's and 30's have we faced such a similar wave of violence. At least seven known violent radical groups exist underground within our own country. The latest such group to be uncovered was the Symbionese Liberation Army. Most of their present emphasis is believed to center in the "urban guerrillas."

These groups grow by recruiting hard core campus militants and ex-convicts, all of whom have been indoctrinated in some form of Marxism. They try to stay lid except when they emerge to get more money or weapons.

Publicity by such cases as the Patricia Hearst kidnaping only increases the number of kidnapings.

Just as it took the Lindbergh law of 1932 to turn the tide against kidnapers then, so now, we desperately need a revision of laws across America to slow down the on-slaught of kidnapings, rapes and murders. Any person who has no more respect for God and humanity than to commit such crimes, should be permitted to live no longer than a speedy and just trial will last.

May God help us to write laws as excellent as those He gave to Israel. "And he that stealeth a man, and selleth him, or if he be found in his hand, he shall surely be put to death." Exodus 21:16. "If a man be found stealing any of his brethren of the children of Israel, and maketh merchandise of him, or selleth him; then that thief shall die; and thou shalt put evil away from among you." Deuteronomy 24:7.

We live in an age of twisted logic concerning guilt and penalty for crimes. We blame society for the guilt of the criminal, and then make society suffer the penalty for his crimes. I am told there is a man in Jackson Prison today who has killed nine human beings during his career of crime. Had he been executed for the first murder, several innocent people would be alive today. A high percentage of sex offenders repeat their crime when turned loose on society.

May God help us to wake up and realize that there are certain crimes which should forfeit a man's God given right to

live. It is certainly more barbaric to turn a convicted kidnaper, rapist or murderer loose on innocent people, than to execute him for his crime. Government officials are "the minister of God to thee for good. But if thou do that which is evil, be afraid; for he beareth not the sword in vain: for he is the minister of God, a revenger to execute wrath upon him that doeth evil." Romans 13:4. Do your part to put the sword (Capital Punishment) back into the hands of our government officials, and encourage them to use it.

Pastor Robert Barnett

## New Hockey Team For Traverse City

The new Traverse City professional hockey team that will become a member of the United States Hockey League has announced that Thomas A. Allan, age 22, of Traverse City is the winner of the Name the Team contest.

Tom's entry was the "Traverse City Bays," chosen for its symbolic representation of the area and also the simplicity of the name. The same name was submitted by approximately six other contestants but Tom's was the one with the earliest postmark.

A season's ticket has been chosen by Tom and there is no doubt that it will be well used. Tom is an avid hockey fan and his father worked 42 years at Detroit Olympia, only missing two games during that time.

The Traverse City Bays will open their offices at the Glacier Dome next week to prepare for their 1974-75 exhibition season. They will become an official member of the United States Hockey League for the 1975-76 season.

## Jack Pine's Stump

It's a miserably hot Sunday afternoon and old Jack just got off the river. Now old Jack generally keeps off the river on the weekends, but Saturday he had a "boat ride trip" and today he took his ex-wife and one of their mutual sons for a fishing, canoe-dodging trip down the South Branch. Maybe most people wouldn't agree that ex-married couples should associate, but, what the Hell, we're still friends. And we both love the river and our kids. And there ain't nobody can fault that.

This paper comes out on Wednesday, but most people don't read it until they get it in the mail on Thursday. Which is really too bad, because on Thursday the Bloodmobile will be in town at the American Legion and locals who don't know it was there won't have a chance to donate. So those of you who pick up your papers on Wednesday please tell all of your friends. After all they give you a free drink (of orange juice) and you don't need all the blood flowing around your veins anyway. Get down to the Legion and donate your pint to someone whose life may depend on your love and concern for others.

Oddly enough, I still have two friends left. A few days ago one sold the other a Volkswagen Beetle. Shortly after the sale the purchaser came roaring into the seller demanding to know why in hell he had been sold a car with no reverse. So the seller explained how the reverse in a VW worked. Three days later I noticed the buyer getting the vehicle out of a parking lot. He still hadn't understood the beast. And so with the above, that leaves me with one friend. I gotta find a

### Pass something to Mother

While Jim Fitzgerald is on vacation, we are repeating some of his all-time favorite columns by popular request of his mother and Aunt Madeline.

When you sit down to eat at our house, you get to chew on a lot more than food.

And this is a good thing, says Dr. Dena Cederquist who is a nutrition expert at Michigan State University. Of course, she's never eaten at our house. We never feed strangers at our house, unless they are cats.

Dr. Cederquist bemoans the loss of the family dinner-hour. Today, people eat on the run, she complains, and that's bad—not only for your digestion, but also for your mind, personality and character.

"The dinner table was a place where ideas were exchanged, questions debated, and where children learned to be part of a group," Dr. Cederquist says.

It is a shame Dr. Cederquist is a woman. Otherwise, she might have married my wife and they certainly would have lived happily ever after. This would have left me a lonely bachelor, reading a newspaper as I ate my meals, with no kids fighting across the roast beef and no cats licking crumbs off my shoes. Under such miserable conditions I probably couldn't have survived more than 150 years before I died of a terrible ache in my side from laughing so much.

My wife likes to teach lessons in living at the dinner table. For instance, during a recent dinner I happened to catch sight of her through the flowers and candles in the middle of the table. She looked peaked and drawn. There was no food on her plate.

"Why aren't you eating?" I asked her.

"Because no one will pass me any food," she gasped, writhing in the last stages of malnutrition.

All the food was on my side of the centerpiece where I could suck it up without even leaning forward. Attacking from the sides, both kids could also easily grab what they wanted. But my wife couldn't even see the food.

"Why don't you ask us to pass something?" I asked.

"I shouldn't have to ask," she answered.

It occurred to me that the food is always placed at my end of the table, every meal, everyday.

"How long has it been since you've eaten?" I asked her.

"About a month," she said. "The last time was when the kids had guests and I got to sit at your end of the table."

"You set the table every meal. Why do you always put the food at my end? Why don't you put some at your end?" I asked her.

"I want to teach this family some manners," she said. "You shouldn't just sit down and gobble. You should always pass the food plates around and you should never have to be asked to pass something."

"Not even the butter?" I asked.

"I might have asked for the butter but I never had anything to spread it on," she said as she slowly slumped to the floor.

"What's wrong with mother?" our daughter asked.

"She has passed out from not having anything passed," our son explained. "It's a good thing she didn't fall on my cat."

Onward and Upward.

### Union Opposes Proposed MPSC Utility Billing Practice Rules

The International Chemical Workers Union said today that working men and women across the state could face higher utility rates if new billing practices rules proposed by the Michigan Public Service Commission are put into effect. The union urged the State Legislature to reject the rules.

The statement said sections of the proposed rules could cost conscientious utility bill payers more than \$15 million a year in additional gas rates alone because they would encourage bill dodging by dishonest individuals.

The union's opposition to the new procedures was voiced in a joint statement issued by Clarence Gipson, international representative of the ICWU and the presidents of the three ICWU locals in the state.

Joining Gipson in the statement were Don Markel, president of Local 132 in Grand Rapids; Walter A. Simmitt, president of Local 70 in Muskegon and Michael Jankowski, president of Local 799 in Manistee.

The union represents 500 field operations and pumping station workers employed by Michigan Consolidated Gas Company.

The statement said the new rules will mean higher and higher utility rates in the future, because they will allow for lengthy and expensive hearing procedures which "will work to the advantage of determined bill dodgers and to the expense of the honest utility customers who pay their bills on time."

As proposed, the new rules would forbid a utility from discontinuing service to a residential customer if the customer objects to a bill and refuses to pay it, for whatever flimsy reason, the union said.

The mere objection to a bill requires the utility to enter into hearings with the customer. Those hearings will be conducted by an impartial examiner but if the customer was unsatisfied with the examiner's finding, the case could be appealed to the Public Service Commission Consumer Service Division.

There the hearing would start again and ultimately the PSC itself could be appealed to for a final decision. All this time the customer would be receiving utility service and it is conceivable, the union statement said, that gas customers determined to avoid payment could get through an entire winter without ever paying a heating bill.

"The rules have been labeled a Consumer Bill of Rights," the statement said. "They are far from it. Utilities in the state will be forced to pass on to their legitimate bill paying customers the costs they have been unable to recover from bill dodgers under these rules."

"The added costs to the working men and women of Michigan means that their spendable income will once again be reduced, all because of the Public Service Commission's unrealistic hearing requirements."

One state utility, Michigan Consolidated, has already warned that sections of the rules requiring lengthy hearings and hampering the utility's ability to collect bills, will mean higher rates.

Consolidated's management warned that the rules will create a haven for customers seeking ways to dodge their bills and will encourage others to do the same. Ultimately, the Company estimated that as many as 130,000 of their own customers could end up in the appeals process under the new rules.

The union statement said the large number of bill challenges would mean that the legitimate bill payer with an honest complaint would find it impossible to get his case heard quickly.

Rules similar to those being proposed by the Public Service Commission, the union said, helped create the financial chaos now faced by Consolidated Edison in New York.

"Hundreds of men and women in Michigan rely on the utilities not only for energy but also for their livelihood," the statement said. "We are concerned about the well being of the utility industry both because we need heat and electricity and also because we need jobs."

The proposed rules are now being studied by the Attorney General's office and are expected to be submitted to the Legislature for its approval soon.

The union urged the Legislature to reject the rules "because they will harm rather than help the vast majority of utility customers in the state."

### Attend College Week

The 1974 College Week for Women was held on Michigan State's Campus, June 25th through June 28, with about 850 women attending. The theme this year was: "This is your World." "Chance or Choice." The various classes were designed to help women update their education and meet the challenge of change in all areas of their life. Some of the subjects were: The Metric System of Measurement, Judicial System, Women in Society, Food in our Future, Dollars and Decisions in the Supermarket, Land use, Housing and You, 39 and holding and Estate planning for families. Classes were taught by MSU professors, Extension Service Specialists, government, Civic and business leaders.

Mrs. William Milliken, Michigan's first lady addressed the assembly on Tuesday night. Hopefully, what we learned will help us make the choices that will improve the environment in which families live and create their future.

Those attending from Lovells Home Extension Group were: Evelyn Bates, Ruth Gaid, Margie Harwood, Mildred Johnson, Sophie Koernke, Hazel Koernke, Velda Marshall and Leona Tubbs.

## Court removes shotgun

When the United States Supreme Court has issued a decision in recent years, it has not always called for jubilation in many parts of the grass roots, including those parts where I hang out.

But the recent decision striking down the Florida right-to-reply law draws nothing but huzzahs from this corner, accompanied by a big sigh of relief.

The relief is genuine, despite assurances from The Wall Street Journal and other biggies in our business that the so-called Tornillo decision was "probably the most predictable decision of the term."

Dealing with courts, I'm never so sure that the guys in the white hats will win.

The cast at point was a Florida law that required newspapers to grant equal space to public officials or candidates who felt aggrieved by something that was printed about them.

One Pat L. Tornillo, a Miami teachers' union official and legislative candidate, felt aggrieved when the Miami Herald criticized him and urged his defeat in the 1972 election; Tornillo demanded equal space under a rusty 61-year-old Florida law, and the Herald refused. This set the stage for the resulting test of the constitutionality of the Florida law.

"The choice of material to go into a newspaper and the decisions made as to...content and the treatment of public issues and public officials—whether fair or unfair—constitute the exercise of editorial control and judgment," wrote Chief Justice Warren Burger, in the unanimous decision.

"It has yet to be demonstrated how governmental regulation of this crucial process can be exercised consistent with the First Amendment guarantees of a free press."

The court also suggested that "a responsible press is an undoubtedly desirable goal, but press responsibility is not mandated by the Constitution and like many other virtues it cannot be legislated."

What brings the Florida case so close to home in Michigan is a somewhat broader but similar proposal introduced into the Michigan Legislature a couple of weeks ago by Rep. John P. Smeekens of Coldwater.

Smeekens got 59 other state

representatives to sign his bill as co-sponsors. That's four votes more than the House majority needed to pass any bill.

Here's what the Smeekens bill would require:

"Any commercial media which assails, criticizes unfairly, demeans or attempts to demean, directly or indirectly, the personal character of a candidate for, or holder of, any public office, by the use of information not factual or capable of documentation, or charges any candidate for, or holder of, a public office with malfeasance, misfeasance or other misconduct of a civil or criminal nature, or otherwise attacks the person's official record, or grants free space or time for such purpose by another shall, upon the request of the candidate for, or holder of, any public office, forthwith make available equal space or time for any reply the person attacked may make."

The Smeekens bill, like the Florida law if permitted to be applied, would effectively eliminate the newspaper's traditional and expected function of public comment.

Apparently the Supreme Court decision on the Florida case has wiped out chances for adoption of the Smeekens bill in Michigan. We certainly hope so.

However, the 60 sponsors of the right-to-reply bill in Michigan have sent their message, loud and clear, into editorial offices across this state.

That message to editors is simple: Be fair.

It is easier said than done, however, as most conscientious editors can attest.

The Supreme Court had much the same advice, only couched in more courtly terms. Recalling the language of one of its earlier decisions, the court noted:

"The power of a privately owned newspaper to advance its own political, social and economic views is bounded by only two factors:

"First, the acceptance of a sufficient number of readers—and hence advertisers—to assure financial success;

"And second, the journalistic integrity of its editors and publishers."

The message to newspapers is clear, but the shotgun has been removed.

Linda Joy Hummel, daughter of Mr. and Mrs. Stanley Hummel of Grayling, and Warren (Butch) Hayes, son of Mr. and Mrs. Glenn Hayes of Grayling, were united in marriage Saturday, July 6, at a chapel in the pines. Judge Kraus performed the three o'clock ceremony before the immediate family.

The bride was given in marriage by her father. She wore a full length gown of white polyester and cotton. Hand embroidered lace made a delicate pattern throughout the dress. It featured a scoop neckline and short puffy sleeves with a ruffle around the bottom. She wore a three layered veil which she had made herself and carried a bouquet of yellow, blue and white daisies.

Mrs. Gayle Bachman of Six Lakes was the Matron of honor and Carolyn Hummel of Atlanta, Georgia, niece of the bride, was bridesmaid. They wore country style pastel gown of floral print with woven floppy hats and corsages of blue and yellow daisies.

The groom's attendants were Gerry St. Germain and Joey Humbert of Saginaw.

Two small baskets of daisies, arranged with wild ferns and baby breath decorated the chapel.

A buffet dinner was served later at the Maple Forest Town Hall where 150 guests greeted the bride and groom. The wedding cake was made and decorated by the bride.

Following a wedding trip to Southern Michigan and Ohio, they are making their home in Grayling.

For her daughter's wedding, Mrs. Hummel wore a long lavender gown with a corsage of white and blue mums.

Mrs. Hayes chose a long beige knit dress for the marriage of her son. Her corsage

### LIFE IS FULL OF QUESTIONS

One of the most common we spell with just three letters, W-H-Y.

As children we want to know the reason for everything. Why is snow cold, or sugar sweet? We grow into adolescence and the question is usually linked with restrictions: Why can't I? In maturity there are more and greater problems to solve, troubles and disappointments to overcome. And still we ask the age-old question, "Why?"

The Church knows our questions and our problems and invites us to come, bringing them with us.

In the Church we find new friends. Many of them have known sorrows and disappointments and through their faith have found courage. They will inspire us to try again.

Still more important we can learn to know the Christ. In His Divine wisdom He holds the answers to life's questions. In His love He invites all who need His help.

**SUITCASE THEATRE**—With members of Suitcase Theatre '74 and their Executive Director, Powell Lindsay, Governor William G. Milliken signs his letter to the Governor of Hawaii, introducing the Michigan youth troupe that is spending two weeks in the islands during their eight-week tour of the U.S. and Canada. Their performances of "...these truths..." in Spokane, at EXPO '74, and in Los Angeles, at the Hollywood Bowl, are additional highlights of Suitcase Theatre's current North American—Hawaiian tour. Patty Keuom a member of the Ottawa and Chippewa tribes is on tour with this year's group of 30 young people most of whom are from the Lansing area. The five shown here are: Left to right: Silvia Nichols, Steve Keyes, Patty, Jodi Gmazel, John Taliaferro, Mr. Lindsay and seated, Gov. Milliken. Patty is the daughter of Frank and Phyllis Keuom of Cameron Bridge Road, Frederic.

The Honorable John A. Burns  
Governor of Hawaii  
Honolulu, Hawaii

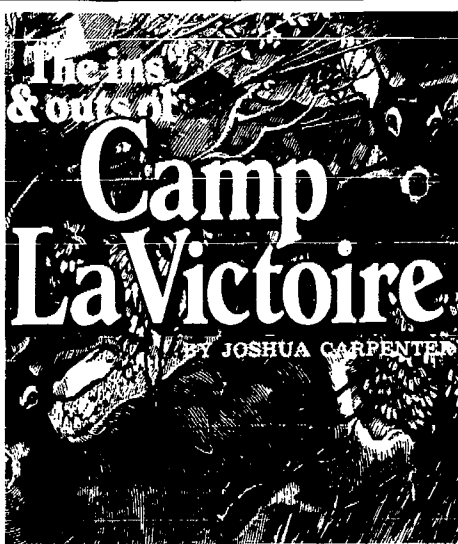

Dear Governor Burns:  
Michigan's most unusual "export" has arrived in Hawaii. I refer to the Suitcase Theatre, a traveling band of young people with a message entertainingly told and all the more convincing because it is told from the heart.

The group has received "rave" reviews all across Europe, in many parts of the United States and Canada.

The enthusiasm of youth and the idealism of youth have combined with talent and ingenuity to produce an unusual and moving experience for the thousands of people who have seen the group perform.

We are proud of these young people and their leaders. We appreciate your hospitality and hope our visitors give you an added dimension of understanding about Michigan and its people.

Kind personal regards,  
Sincerely,  
William G. Milliken  
Governor

## Frederic Community Library

Boys and girls be sure to enroll in our Summer Reading Program. We have a fine selection of books for you to read.

For all of you who are interested in coins we now have the Coinage Magazine in the Library as well as Coin Reference Books. A book on Tennis is also available for those who would like to learn to play tennis now that we have the tennis court in the Frederic Community Park.

Don't forget to save the Betty Crocker coupons for the Library for our special project of a movie projector, projector table and screen. We also need Glen's Market grocery tapes. The monies from the tapes help with the Library Site Fund and provide new books and supplies for the library.

The last check we received for the grocery tapes was \$312.25. \$200 was turned over to the Library Site Fund and \$112.25 was used for books and supplies. Anyone having these tapes or Betty Crocker coupons may turn them in at the Frederic business places, the Frederic Community Library, or put them in an envelope and mail them to Merna Newberry, Frederic, Michigan 49739. Your help will be appreciated.

Summer Library Hours are Monday through Friday 1:00 p.m. to 3:00 p.m. and evenings Monday through Thursday 6:00 p.m. to 7:30 p.m. Be sure to stop in!

## District Court

The following persons appeared before Judge Francis Walsh, 83rd District Court and plead guilty or were found guilty by a trial:

Ronald Joseph Delbello, 22, Marquette, was charged with the unlawful use of marijuana and plead nolo contendere. He was fined \$304.00 or 30 days in jail.

James Herbert Remer, 51, Grayling, was charged as being a disorderly person by intoxication in a public place and was fined 2 days in jail and \$54.00 or an additional 5 days in jail.

Francis Leroy Beckwith, 19, of Scottsdale, Arizona, was charged as being a disorderly person by intoxication in a public place and was fined \$64.00 or 7 days in jail.

Lorn Garrett Moor, 47, Warren, was charged as being a disorderly person in a public place and plead nolo contendere. He was fined \$64.00 or 7 days in jail.

The Youth Rehabilitation Camp Program was begun in May of 1963. The program started with nearly fifty youths from the Lansing Boys Training School (no longer in operation) being moved into the former Corrections Camp Camp LaVictoire.

The present Camp LaVictoire was built by the Department of Corrections in the early 1950's and was constructed largely from materials salvaged from the old CCC camps around northern Michigan. This facility is being replaced with a new facility now under construction at Howes Lake just west of Grayling. Upon completion the old Camp LaVictoire will be closed and even the name will be phased out. A Camp Citizens Advisory Action Council made up of Grayling area residents this past week submitted its ideas to the State of Michigan, Department of Social Services on a new name for the new Camp. The proposed names included Camp Sacajawea, Camp Bear Paw, Camp Eagle Heart, Camp Mill Town, Camp Shaw-Ono and Camp Katchongva.

Camp LaVictoire is just one of two such camps in the State of Michigan. The other similar facility is Camp Nokomis near Prudenville. Both are run by the State of Michigan, Department of Social Services. A work training program is provided through cooperation with the Department of Natural Resources.

The boys at Camp LaVictoire are between the ages of 14 and 17. Their average length of stay is 6 months. During that time they will have an opportunity to learn skills in educational and vocational programs, and to increase their problem solving and social skills.

For the first 24 hours that a new boy is in camp he is under constant observation by the staff so that they may evaluate his strengths, weaknesses, possible treatment approaches and his own stated goals. Each staff member then continues to evaluate each boy for 10 days. A strategy is then devised by the Camp Staff for the proper treatment of each boy during the remainder of his stay in Camp.

The boys at Camp LaVictoire come from all over the State of Michigan with about one-half of them being from northern Michigan.

Persons interested in serving on the Citizens Advisory Action Council are invited to call Terry Bloomquist at 348-8497. Families in the community who would like to invite one of the boys to their homes for a meal or a full day may apply by contacting Tom Hazen, the Camp Director, at 348-2551.

Civic pride is you.  
Keep Grayling clean and green.

## Fred Bear Named Honorary Chairman of WCML-TV Project

By Bob Bruce

MT. PLEASANT — Fred Bear, Michigan's world famous bowhunter and conservationist, has been named Honorary Chairman of Central Michigan University's \$250,000 fund drive to extend public television service to the northern portion of the state.

Bear's involvement in the project was announced today by William C. Odykirk, CMU executive director of development.

"Fred Bear is known to millions around the country as 'Mr. Northern Michigan' in view of his many national television appearances and scores of hunting films being shown here and abroad," Odykirk said.

"We are doubly pleased that he has agreed to undertake this important position for the future education and entertainment of all the 300,000 people and 60,000 elementary and secondary students who live in the broadcast area."

The fund drive, which Bear will lead as honorary chairman, seeks to raise private matching funds for the establishment of a new public television station, WCML-TV, Channel 6, near Atlanta in Montmorency County.

Some \$250,000 in private money is needed to match a \$341,437 grant given CMU by the U. S. Department of Health, Education and Welfare for construction of the new station's broadcast tower and transmitter.

Sign-on for the WCML-TV is targeted for 1975. Once the station is in operation, it will provide open-air, full color public television service to residents of about 24 Northern Michigan counties.

Broadcast area civic groups, businesses, industries and foundations are now involved in planning the project's regional fund drive. Members of the Petoskey and Alpena branches of the American Association of University Women are coordinating the fund solicitation.

As honorary chairman, Bear will work closely with the regional groups in disseminating information about the project and the drive.

Bear, the founder and president of Bear Archery, Grayling, is an internationally acclaimed sportsman. His skill and courage has been rewarded

with six world records for hunting with bow and arrow.

His quarry has included a world record brown bear, grizzly bear, Bengal tiger, elephant, African lion, cape buffalo, Alaskan moose, Asiatic buffalo and the elusive polar bear.

Hundreds of his hunting trophies, archery artifacts and displays are located at the Fred Bear Museum in Grayling.

Several years ago, the Fred Bear Sports Club was founded in his honor. Today its members number over 10,000 men, women and children with several U.S. astronauts as charter members in all 50 states and 23 foreign countries.

The Club establishes a code of ethics for all outdoorsmen. It also includes three divisions of archery awards: a bowhunting division; an indoor archery division, in conjunction with the Archery Lanes Operator's Association; and the recently announced Fred Bear field round division.

Bear is a member of the National Sporting Goods Association Hall of Fame, the Archery Hall of Fame, the Explorers Club, the Polar Equator Club and the Adventurer's Club.

He is also a honorary member of the Camp LaVictorie Citizens Advisory Council. The camp, near Grayling, is one of two in Michigan operated jointly by the Michigan Department of Social Services for delinquent boys, ages 14 to 17.

## Boys Enjoy National Guard Encampment

**GUARD BOYS CAMP**—Shown here are (L to R) campers Larry Prince of Detroit, and Clifford Wogaman of Flint, and Counselor-Guardsman William Patterson of Detroit, checking over one of the jeeps at Michigan National Guard Boys Camp, being conducted at Camp Grayling from July 7 through the 15th. In addition to viewing military equipment and training, the boys enjoy swimming, trips to local points of interest, canoeing, archery, and fishing on Lake Margrethe. (National Guard Photo)

Three Hundred Michigan boys will be richer in experiences this summer for having attended a Boys Camp sponsored by the Michigan Army National Guard during the regular encampment of the Guard, 6-20 July at Camp Grayling Michigan. Conceived over 5 years ago, by the men in the 177th Missile Battalion (an active Guard unit manning Nike missile sites), the camp for boys has grown from meager beginnings of 75 boys per year to the present 300. 150 boys the first week come from out-state, and 150 boys the second week come from the Greater Detroit Metropolitan area.

Under the guidance of Major Robert Pitts, Director, and WO-3 Wyman Solomon, both of the 177th Missile Bn., the program at the camp has also taken on new direction, offering additional experiences for the boys such as a trip to the Mackinaw Bridge, canoeing on the AuSable River, visits to local Grayling attractions such as Bear Mountain and the Fred

Bear Museum, and Hartwick Pines Lumbering Museum. Also included in the program, the boys spend time viewing military activities of interest, have a junior olympics, participate in fishing and swimming in Lake Margrethe, and spend one night in the field on bivouac.

Manning the camp with counselors is not a difficult job, with many of the Guardsmen giving up their vacations to serve during one or two weeks. Each Guardsman is selected with care and for his ability to handle the boys.

The boys, during their one week stay at Camp Grayling, live much as the military units in camp. They stay in 16 man squad tents, and are responsible for keeping them clean and for policing the areas around their tents. However, the strict military discipline, although made pretty clear by the presence of the Guardsmen in uniform is not quite as tough as the Regular Guard. They do eat Army food cooked by Army cooks in the Army mess hall, and they even get a chance to sample a Combat Ration.

## CARD OF THANKS

I would like to take this opportunity to thank everyone who helped in any way to make my reception possible.

I especially would like to thank Carolyn Everett W.G.M. and Robert Marple W.G.P. for asking me to take this appointment.

My Chapter Grayling #83 needs much praise for all their help and cooperation this year in my travels as well as my reception.

My family should have a thank you for getting along so well with me being gone all year and helping whenever I ask them. You need an understanding family to accept an appointment like this.

My boss and people I work with have been very understanding with my comings and goings so much.

The Masonic Lodge 356 F and A.M. has stood by and helped whenever they have been asked and I wish to thank them also.

I also want to thank my Chapter Grayling #83 for their backing in making it possible for my becoming the Wolverine Association President this year with our big meeting coming up next June.

There were no citizens present who wished to address the City Council.

Mr. Morford reported on progress of the water well. Expected bids on the new well have not yet been received. They are expected by the next council meeting.

The Industrial Park progress: One lot has been sold and fill is being brought in. Paving should begin this week.

Council expressed their opinion that the "Parcel A" problem should be pursued until the land has been returned to the City.

County use of the City Garage was discussed. Mr. Morford asked if Council still desired to obtain a lease for the County use of the City Garage. Moved by Hanson, supported by Golinick that City Attorney, N. A. Miles draft a letter in support of Council action of May 28, 1974 requesting that the lease be signed by the County as per previous agreement. Ayes: 4, Nays: 0, Absent: 1, motion carried.

Mr. Paquette of R. S. Scott Co. will be in Grayling Thursday to discuss the storm sewers in the northeast section of the city. The SCS Lease was discussed.

New Business: The fire station contract was discussed. Moved by Hanson, supported by Golinick that Mr. Miles be authorized to draw a contract for the Fire Station with the cooperation of Mr. Morford, Mr. Fowler and Mr. White. Ayes: 4, Nays: 0, Absent: 1, motion carried.

A bid of \$50.00 was received from Larry Wakeley on the 1964 dump truck. No other bids were received. Moved by Golinick, supported by Hanson that the bid be accepted and the vehicle be sold to Mr. Wakeley as is and in the present location. Ayes: 4, Nays: 0, Absent: 1, the motion carried.

Reports of Councilmen: Mr. Hanson reported that the Milltown Committee has been disbanded. He reported that a lack of community response was the reason. Mr. Steve Sauter, committee chairman, is to inform other members of the committee of his action.

Mr. Hanson also reported that the fire siren at 12:00 noon, 8:00 p.m. and 10:00 p.m. is four minutes late each time. He requested that something be done to correct the situation.

Mr. McEvers reported on a brochure for the Arttrain which was received from the Arttrain Advisory Committee and discussion followed.

Reports by City Manager: Resignation of Mrs. Betty Stevens.

Resignation of Dan R. Baker. Moved by Hanson, supported by Golinick that the meeting be adjourned. Ayes: 4, Nays: 0, Absent: 1, motion carried.

The meeting adjourned at 10:00 p.m.

## RESOLUTION

### Township of Grayling County of Crawford, Michigan

WHEREAS, Lake Woods Forest Products, Inc., a Michigan corporation (hereinafter referred to as "Company"), has proposed the acquisition and construction of an industrial building together with necessary site and machinery and equipment therefor (the "Project"), as defined in Act 62, Public Acts of Michigan, 1963, as amended (hereinafter referred to as "Act No. 62"), to be located in the Township of Grayling, Crawford County, Michigan (hereinafter referred to as "Township"); and

WHEREAS, Company has requested the Township to assist in the financing of the Project, by the issuance of its industrial development revenue bonds, under the provisions of Act No. 62; and

WHEREAS, the Township is authorized under the provisions of Act No. 62 to issue industrial development revenue bonds for the Project; and

WHEREAS, the Township Board deems it necessary for the public welfare of the Township, in order to alleviate and prevent conditions of unemployment and to retain industry and to strengthen and revitalize the economy of the Township in general, to provide for the issuance of said industrial development revenue bonds pursuant to Act No. 62, to defray the cost of acquiring and constructing the Project, the Project when acquired to be leased by the Township to the Company with the performance of the obligations of the Company being guaranteed by Scott Paper Company, a Pennsylvania corporation (the "Guarantor"); and

WHEREAS, the estimated cost of the Project and all cost incidental to the issuance of said bonds will require issuance of said bonds in the amount of not exceeding Three Million (\$3,000,000) Dollars; and

WHEREAS, it is necessary that a notice of intention to issue said bonds be published in order to comply with the requirements of Section 12 of Act No. 62; and

WHEREAS, under the provisions of Act No. 62, it is necessary to obtain the approval of the Municipal Finance Commission of the State of Michigan for the issuance of said bonds;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Township will issue industrial development revenue bonds of the Township in the amount of not exceeding Three Million (\$3,000,000) Dollars, for the purpose of paying the cost of acquiring and constructing the Project and for costs incidental to the issuance of the bonds, said bonds to be issued pursuant to Act No. 62, provided that a Lease, guaranty and other documents and details pertaining to said issue of bonds is prepared with such provisions and details as are acceptable to and approved by the Township Board and provided, further that the Municipal Finance Commission of the State of Michigan approves the issuance of said bonds and provided, further, that said bonds can be sold.

2. The proceedings and agreements relating to the acquisition and construction of the Project and issuance of the bonds shall contain such provisions and details as shall absolutely and completely make certain that under no circumstances will the Township, or its taxpayers or citizens, ever be required to pay the principal of and interest on, or any other costs relating to, said bonds from tax revenues or other general funds of the Township, and shall in addition contain provisions fully protecting the Township against any other liability or costs relating to said bonds or the Project, all of which provisions shall be acceptable to this Township Board and the Municipal Finance Commission of the State of Michigan.

3. By adoption of this resolution the Township assumes no obligation or liability to the Company for any loss or damages that may result to said Company from the adoption of this resolution and all costs and expenses in connection with the acquisition and construction of the Project and all costs of the issuance of the bonds and any and all other costs relating to the acquisition, financing, ownership or operation of the Project shall be paid from the proceeds of sale of the industrial development revenue bonds or by the Company or Guarantor, or both.

4. The Township Clerk is hereby directed to cause a notice of intent to issue said bonds to be published in the Crawford County Avalanche, Grayling, Michigan, which the Township Board hereby determines and declares to be a newspaper of general circulation in the Township and the newspaper in which municipal announcements of the Township are published. The published form of the notice of intent shall occupy the area of at least one-quarter (1/4) of a normal newspaper page and shall be substantially as follows:

### NOTICE OF INTENTION TO ISSUE INDUSTRIAL DEVELOPMENT REVENUE BONDS BY THE TOWNSHIP OF GRAYLING, MICHIGAN AND RIGHT OF REFERENDUM

#### TO ALL ELECTORS OF THE TOWNSHIP OF GRAYLING, MICHIGAN:

TAKE NOTICE that the Township Board of the Township of Grayling intends to issue Industrial Development Revenue Bonds of the Township in a principal amount not exceeding Three Million (\$3,000,000) Dollars maturing up to twenty years from issuance at an interest rate not in excess of 8% per annum, for the purpose of financing the cost of acquiring and constructing an industrial

building together with necessary site and machinery and equipment therefor, as defined in Act No. 62, Public Acts of Michigan, 1963, as amended, and costs incidental to the issuance of said bonds. Said industrial building together with necessary site and machinery and equipment therefor will be leased to Lake Woods Forest Products, Inc., a Michigan corporation. The obligations of Lake Woods Forest Products, Inc. will be guaranteed by Scott Paper Company, a Pennsylvania corporation.

#### SOURCE OF PAYMENT

Said bonds will be issued in accordance with the provisions of Act No. 62, Public Acts of Michigan, 1963, as amended. Said bonds and the principal and interest thereon will not be a general obligation of the Township of Grayling and will in no event be payable from any tax revenues or other general funds of the Township of Grayling, but will be payable solely and only from payments to be received from Lake Woods Forest Products, Inc., or Scott Paper Company, and other revenues, if any, derived from said industrial building together with necessary site and machinery and equipment therefor.

#### RIGHT OF REFERENDUM

This notice is given to and for the benefit of the electors of the Township of Grayling, in order to inform them that said bonds will be issued without submitting the question of their issuance to the electors of the Township, unless within 45 days from the publication of this notice, a petition signed by not less than 5% of the registered electors of the Township, requesting a referendum upon the question of the issuance of said bonds, is filed with the Township Clerk of the Township, in which event the bonds will not be issued unless and until approved by a majority of the electors of the Township voting thereon at a general or special election.

THIS NOTICE is given by order of the Township Board of the Township of Grayling, Michigan, pursuant to the requirements of Section 12 of Act 62, Public Acts of Michigan, 1963, as amended. Further information with respect to the Project to be financed, the revenue bonds to be issued and the right of referendum may be obtained from the undersigned.

/s/ Elizabeth H. Wieland,  
Township Clerk

5. The Township Board does determine that the foregoing form of notice of intent and the manner of publication directed is adequate notice to electors of the Township under all of the circumstances, which include the facts that:

(a) Said industrial development revenue bonds are special obligations of the Township, and the payment of the principal and interest thereon is to be made solely from revenues to be received from the Project being acquired and constructed with the proceeds of the sale of said bonds and the payments to be made by the Company under the lease or the Guarantor under the guaranty.

(b) Said bonds will not constitute a general obligation of the Township nor constitute a debt of the Township within the meaning of any constitutional, statutory or charter limitation.

(c) The Township will not be obligated to assess any taxes whatsoever for the payment of principal and interest on said industrial development revenue bonds.

(d) No elector of the Township will be required to pay any fees or charges in connection with the Project being acquired and constructed with the proceeds of said industrial development revenue bonds, all expenses in connection therewith being required to be borne by the Company or Guarantor.

6. Miller, Canfield, Paddock and Stone is hereby designated and retained by the Township of Grayling as bond counsel with respect to said industrial development revenue bonds, and the legal fees and expenses of Miller, Canfield, Paddock and Stone shall be paid from the proceeds of sale of said industrial development revenue bonds and in any event shall be at no cost to the Township of Grayling.

7. The Township Clerk is hereby authorized and empowered to execute and file, at such time as he shall determine and at such time as he shall have been provided with appropriate information, an application to the Municipal Finance Commission for an order granting permission for the issuance of said bonds.

8. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

HOUGHTON LAKE, Mich. — (Special)—A lot of people at Houghton Lake are living in the past, and loving it.

They are getting ready to entertain many like minded summer people at their 2nd Annual Houghton Lake Area Historical Roundup July 20-21, at the high school at Houghton Lake.

Bob Carman, a free soul who has had a little boy's love of steam engines for many years, has checked out "Big Minn" which will be pulling a long figure "B" bell pulling a saw-mill.

Big Minn is the 1910 single lung steam engine with the big whistle.

### Jackpot Week July 22-25

More than \$3 million in prizes will be given away during the Michigan Lottery's "Jackpot Week" July 22-25, according to Lottery commissioner Gus Harrison.

Highlighting four days of record-breaking giveaways will be the first of eight weekly drawings for the Lottery's new \$1 game on Thursday, July 25. More than \$500,000 in prizes will be won by first week ticket holders, with someone earning at least \$20,000 and a chance to win the top Jackpot prize of \$333,333 cash or \$20,000 per year for life.

The 13th Million Dollar Drawing will be held at 6 p.m., Monday, July 22, at the McMorran Auditorium in Port Huron. Prizes total \$1,305,000 in that event.

A 1974 Plymouth Satellite will go to someone attending the Million Dollar Drawing. Lottery tickets sold at the drawing site will determine the car winner. Each ticket purchased gives the ticket holder a chance at the car and other prizes.

The regular weekly Lottery drawing at 9:45 a.m., Thursday, July 25, should result in the awarding of more than \$1 million in prizes. The drawing will be held at Willson Park in Flint.

The first of 8 weekly Jackpot Drawings will be conducted in an East Lansing television studio and broadcast on CKLW-TV (Channel 9) at 5:30 p.m. on Thursday, July 25. Each of the eight drawings will be televised.

Onstage participants on the show will be selected through a bonus feature of the regular 50 cent game, beginning July 11. Those bonus winners collect at least \$1,000 and vie for cash prizes on the TV show. The game they play generates the winning Jackpot numbers for that week.

All Jackpot prizes are paid in cash, including the top weekly prize of \$100,000. It is possible that no one would have a ticket winning the \$100,000 prize on July 25, although one top prize winner per week is anticipated. But it's also possible to have more than one big prize winner on July 25.

When the cash register stops ringing at the end of "Jackpot Week," the total in prizes won is expected to top the \$3 million figure.

Since the Michigan Lottery began in November of 1972, more than \$100 million has been awarded in prizes.

pitched especially for the convenience of people who will see a spinning wheel in action. There will be an exhibit of logging tools and artifacts, old stationary gasoline engines in operation, a shingle mill actually sawing shingles, food on location.

Visitors can play bingo with the Poor People's Party. There will be an exhibit of old cars, pony rides for children, barber-shop style singing by the Sweet Adelines of Houghton Lake and the AuSable Valley Chapter, of the Barbershop Society.

### Now's the time to join our Budget Payment Plan.

Operating a family budget these days isn't easy. But when it comes to paying your monthly Gas bills, our 12-month Budget Payment Plan can help. It lets you pay the same monthly amount year-round, no matter how much Gas you use each month.

Here's how the program works. First, we determine your yearly Gas bill, and divide it by twelve. Then, beginning this August, we bill you monthly for just that amount. No more. No less. No matter how cold it gets next winter. If you happen to overpay or underpay a bit? We'll notify you of any necessary adjustment on your August, 1975, Gas bill.

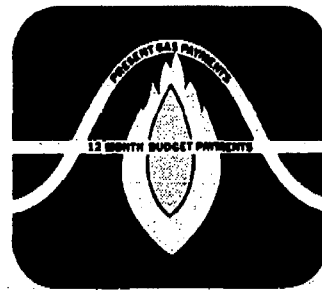

To join the Budget Plan, simply return the enrollment card you'll soon receive in the mail. (Could be, you've already received it.)

### Consider, too. As a Budget Customer, you can also take advantage of our new Annual Meter Read Program.

Choose this option and you'll still receive your budget bills each month, but your meter will require reading only once each year. It's a greater convenience for you. And there's no extra charge. Just sign and return the enrollment card to join up.

If you're already a Budget Payment Plan Customer, you can sign up for the Annual Meter Read option, too. We'll continue your Budget Plan automatically. If you have any questions about either program, call us.

Our Gas is your lowest cost fuel. Now it's a lot more convenient to pay for.

also are very grateful to the people that have responded to our appeal for membership in the society.

We hope you are and will drop by and see the museum. There are still some changes to be made but these will come.

The committee is very proud of the building and we know you will be too.

If you can spare some time to help keep the building open please call Mrs. Helen Moon at 348-8322 or Mrs. Walter Truetner at 348-2961.

### Blood Bank

Our Mercy Hospital used 221 units of blood in the period of January through June of 1974. The High School program in May gave 86 pints - we hope for 150 this Thursday. Might be setting our sights high, but we know you will respond.

Right now we have a large contingent of Military in our area for several weeks. They may need extra blood from us. They may even come in and help us fill our quota.

Aid to Military families is the biggest service that the local Red Cross carries on through a most efficient Gerry Muth. Very soon the annual drive will be on for contributions of money which pays for the Blood Bank here in Crawford County. Think about it.

We have 2 teenagers who have offered their services on Thursday-others wanted in but summer jobs keep them unavailable. Keep in mind the change in hours, 2 p.m. to 8 p.m. on Thursday, July 18 for the Red Cross Blood Bank at the American Legion Building.

Dr. Ian Mitchell, acting director of the Office of Special Health, is a leader of HEW drive to have ALL blood used in transfusions come from volunteer donors by the start of 1977. An estimated need for blood last year was 7 million units-roughly 850,000 gallons. All of us who take part in supplying this need to our nation are humbly grateful.

Norma joined the theatre group when it was formed in September of 1973 and has been active as an officer as well as actress. She was in the Christmas Pageant held in connection with the Downtown Merchants Association and very ably played the part of Bonnie Flinder in, "How Green Was My Brownie."

Norma and her husband John, and 2 yr. old daughter Jennifer, have lived in Grayling for three years and are the owners of Pleasant Pines Resort on Lake Margrethe. On moving to the area, she was instrumental in starting the Welcome Wagon Service and the Welcome Wagon Club. She is presently serving on the Board of the Crawford County Community Services.

Norma, who has had no previous experience in theatre work, feels that, "Teamwork is the name of the game."

Jim has recently moved to Grayling and is with Radio Station WGRY. He is a graduate of DeLaSalle Collegiate High School, in Detroit, Wayne State University and Spec's Howard School of Broadcast Arts. He is new to theatre productions, but shows good potential for becoming an excellent actor.

## Alcohol-Drug Problems Survey Planned By New Agency

A large number of individuals and organizations involved in health, mental health, social services and civic activities will be receiving questionnaires this week as part of a new program to coordinate alcohol and drug services in Northwestern Michigan.

The District One and Tri-County Health Departments have been designated by the State Health Department to coordinate all alcohol and drug services in the Traverse City-Cadillac-Grayling area, according to Dr. Thomas Cardinal, Director of the two departments.

The District One Health Department serves Kalkaska, Crawford, Missaukee and Wexford Counties. The Tri-County Health Department serves Leelanau, Benzie and Grand Traverse Counties.

"The program to coordinate alcohol and drug services will be known as the coordinating agency for Substance Abuse Services," said Dr. Cardinal. "and has its headquarters in Cadillac." The program coordinator is Scott Johnson.

The survey questionnaires are the first stage in formulating an area-wide plan to meet alcohol and drug problems.

"We are now in the process of preparing a comprehensive plan for these services for the 1975-76 fiscal year," said Johnson, "in order to meet state requirements for funding and coordinating new services as well as evaluating existing services."

Johnson and Dr. Cardinal are asking individuals and organizations that provide health, mental health, or social services in the seven-county area to complete questionnaires regarding their services and their views of the area's alcohol and drug problems.

In addition, a number of leading citizens and service organizations are receiving questionnaires requesting their ideas about how serious alcohol and drug problems are and what needs to be done about them.

"The assistance of agencies

and individuals in completing the questionnaires is definitely needed as the basis for a good plan," according to John Darrow, planning coordinator for the coordinating agency. "We will greatly appreciate cooperation with this survey."

Questions or suggestions by any citizen are welcomed by Substance Abuse Services, says Johnson. The office is located at 421 South Mitchell, Cadillac, and the phone number is 616-775-2473.

### Name Interim DNR Director

LANSING—David H. Jenkins has assumed the duties of Acting Director of the Michigan Department of Natural Resources following the death of Director A. Gene Gazlay June 30. Gazlay died in Lansing following an apparent heart attack.

Jenkins will head DNR until a new Director is named by the Natural Resources Commission. No timetable has been established for the selection process by the Natural Resources Commission.

Jenkins' service with DNR began in 1949 with the Wildlife Division as wildlife biologist. He was appointed Deputy Director of DNR's Natural Resources branch in April 1973.

Speaking of Gazlay's death, Governor William G. Milliken said, "During recent years when Gene Gazlay served in leadership positions in the DNR, Michigan accomplished more environmentally than in recent decades."

Hilary F. Snell, Chairman of the Natural Resources Commission, said, "Gene dedicated his life to Michigan's natural resources. The citizens of Michigan have lost a great conservation leader and we shall miss him."

Funeral services for Gazlay were held in East Lansing's Peoples Church July 3 with burial in Deepdale Memorial Park, Lansing.
